### **Hunter Education (Online + Field Course)**

Hello All,

Welcome, and thank you for training with the National Protective Services Institute (NPSI). We are looking forward to meeting and training with you. Here is information to make your training more enjoyable.

Texas Hunter Education certification is offered by Texas Parks and Wildlife Division (TPWD) certified instructors. Candidates must complete the online coursework PRIOR to attending class. The following information will explain how this is accomplished.

**Part 1- Online coursework** (Ethical hunters will do their own online coursework.)

#### **Part 2- Field Course**

The Field Course includes: a presentation of ethical and responsible hunting, participation in a hunting skills trail, a live firing exercise, review of regulations and a final exam (score at least 80% to pass). The Field Course is completed in one day and includes a minimum of four (4) hours of instruction and a live fire exercise. Parent/Guardian shall accompany the child(ren). **You must pre-register on for this course** to reserve a seat.

#### **When you arrive at the Field Course site:**

- Turn in (without these items, you will not participate)
  1. NPSI liability waiver
  2. Printed results from Part 1 homework (Quiz Results, Voucher or Certificate)
  3. \$15 (cash, if not paid online)
- Demonstrate appropriate **KNOWLEDGE, SKILLS** and **ATTITUDE** while completing the Field Course subjects: ethics and responsible hunting, regulations, hunter skills trail, and live firing exercise
  - (Honorably discharged or active military are exempt from live fire exercises only. Present your DD Form 214 or ID card.)
- Take the written exam and score at least 80% correct to pass

- Upon successful completion of Parts 1 and 2 of the Hunter Education course, you will receive a temporary Texas Hunter Education student card. You may legally hunt with a valid Texas hunting license and your temporary student certification card on your person. Your permanent Texas Hunter Education certification card will be mailed within a few weeks

More questions? Check the TPWD [FAQ page](#).

**Note.** Texas law requires hunters to carry their Hunter Education card on their person while hunting.

With all that behind us, we are training at the NPSI Annex at [7560 Reindeer Trail](#) 78238. (Turn between the buildings where the wood fence begins.) We have a very full day with plenty of time to have fun, but no time to waste. Parking is plentiful. Don't block dumpsters. The lot is reasonably safe, but I suggest you do not leave valuables in your vehicle.

We begin the Hunter Ed session at **1300/1PM**. We will end as soon as we are done; about 1700/5PM. Large classes run longer.

Dress code is comfortable and clean. You will be walking in the grass and trees. **No open toed shoes.** You may bring lunch, drinks, and snacks. A vending machine is available.

There are no special equipment requirements. You may bring your own...

- Eye Protection
- Baseball type hat recommended
- Air rifle of your choice (If you want to bring your own.)

## **Student Waiver, Safety Rules, and Assumption of Risk Form**

### **1. WEARING/USE OF WEAPONS**

Knives, Batons, Spray, Stun/Electric devices may be retained at the discretion of the instructor. Under no circumstances shall live ammunition be in the training environment. Firearms and ammunition shall be unloaded or secured during training except when authorized. **FIREARMS SHOULD NOT BE LEFT IN YOUR VEHICLE.**

**EXCEPTION:** If an operational firearm is used in training, it shall be **UNLOADED** and verified. All firearms will be examined by two people (the instructor, owner, or his/her partner) to make certain the firearm is **UNLOADED**. Under no circumstances will any participant have live ammunition on his/her person when an operational firearm is used during training.

### **2. WEARING OF JEWELRY, ETC.**

All jewelry with sharp edges, pins, or raised surfaces or jewelry which encircles the neck should not be worn during a class which involves hand-on training. Participants should consider removing rings since swelling of the fingers could occur if the hand were to be injured, perhaps requiring the ring to be cut off.

### **3. NO HORSEPLAY IS TOLERATED.**

Any participant who displays a disregard for **SAFETY** to anyone in class will be asked to leave the class.

Practice only the technique currently being taught. **DO NOT PRACTICE UNAUTHORIZED TECHNIQUES.**

### **4. NO TRAINING HAZARDS.**

**KEEP BATONS AND ALL OTHER TRAINING EQUIPMENT (i.e. UTB, etc.) UP OFF THE FLOOR/GROUND (COMPLETELY OUT OF THE WAY) WHEN NOT IN USE.** Keep equipment off floor and away from students; avoid walls, countertops, and other hazards; stay on mats when performing training techniques.

### **5. PAT OUT/TAP OUT RULE.**

If a **RESTRAINT** technique is applied to the point of pain compliance or beyond, immediately **"PAT"** twice and rather sharply somewhere on your body with your free hand (or feet). Upon hearing/feeling/seeing the **"PAT"** your partner who is applying the technique will immediately release the pressure of the technique to reduce pain compliance. The technique will be immediately and totally released on instructions from your instructor or a safety monitor says **"RELEASE"**, **"STOP OR WORDS SIMILAR TO THEM."**

### **6. PRACTICE TECHNIQUES SLOWLY AT FIRST.**

Gain control and correctness slowly before practicing for speed. Proceed at the pace directed by your instructor.

### **7. ADVISE YOUR INSTRUCTOR AND YOUR PARTNER OF ANY INJURY THAT MAY LIMIT YOUR PARTICIPATION.**

Any injury or condition that could be further injured or aggravated should be brought to the immediate attention of your instructor or your partner prior to participating in any hands-on training.

A **RED WRIST BAND** or other colored wrist band worn by any training participant is the sign to warn of injury **USE CAUTION WITH A PARTNER WHO IS WEARING A COLORED WRIST BAND.** Contact your instructor **NOW** if you need a **RED WRIST BAND.**

Certification through **TRAINING**, not attending!

**8. ADVISE YOUR INSTRUCTOR IMMEDIATELY OF ANY INJURY THAT OCCURS DURING TRAINING.**

All blood shall be immediately reported, controlled and cleaned. FIRST AID EQUIPMENT IS AVAILABLE.  
**EMERGENCY MEDICAL SERVICES CAN BE SUMMONED, IF NECESSARY. Air Life service is requested for any gunshot wound to the torso or head.**

**9.** All participants and instructors should attempt to maintain as safe a training environment as is reasonably and practically possible.

No instructor can watch all participants at all times. Therefore, each participant is responsible to conduct himself/herself in a safe manner, to abide strictly by these safety rules, and to comply with all instructions given by your instructor or safety monitors.

**SAFETY IS YOUR RESPONSIBILITY AT ALL TIMES! If anyone says to “STOP”, “CEASE FIRE”, etc., DO SO IMMEDIATELY.**
